

Black & White Photography

Ms. Dodge Georgetown Middle High School

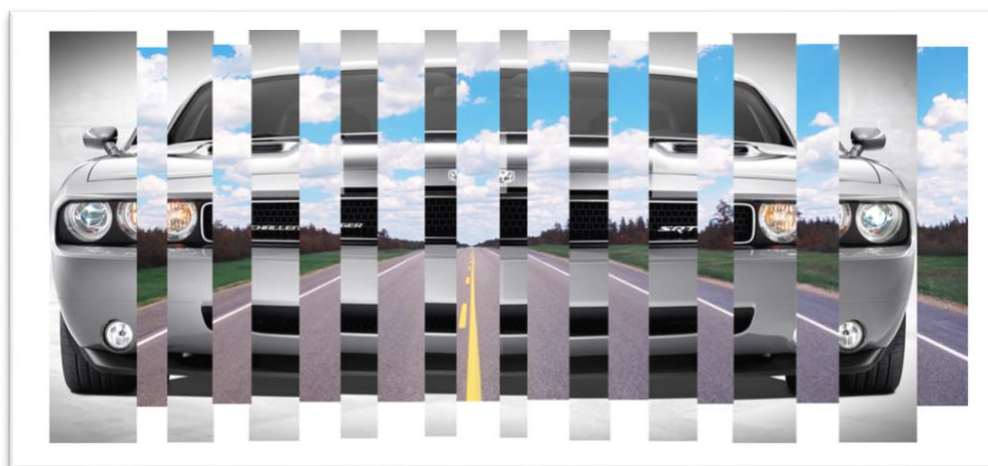

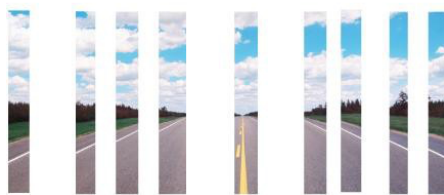

TECHNIQUE: Elongated Photo collage technique

PURPOSE: Communicate a Message or tells a story to the viewing audience.

Instructions: Combine two or more photographs, in the elongated collage technique, to tell a story or communicate a message.

Step 1: Search Pexels or Pixabay for two different photographs that could be combined in a collage to communicate a message. Download the photos to your computer.

Step 2: Using Photoshop Cut each photo into vertical or horizontal strips. Alternate arranging the collage strips onto a 19 " x 13" document.

"I want to go for a drive."

"Ready for the open road."

"FREEDOM!"

Assessment:

Made an elongated photo collage,
using photographs from the internet.

Excellent (20) Very Good (19) Good (17) Fair (15)

Collage tells a story or communicates
A message.

Excellent (20) Very Good (19) Good (17) Fair (15)
